First, yes, you *can* have dessert—here are eight reasons why it's healthy. Now throw on your coat, grab your sweetheart by the hand, and indulge in custom-made liquid nitrogen ice cream at [Sub Zero](#). At this ice cream store, every order is hand-mixed right in front of you, so you'll get dessert and a show. Additionally, there are virtually limitless flavors and combinations for everyone—including lactose-free, sugar-free, and vegan options. This unique date-night ends on a sweet note.
